Powers To Be Tried Once More.

The trial of Caleb Powers for the fourth time for alleged conspiracy in the murder of Wm. Goebel will be called to be set for a date during the term of the Scott County Circuit Court, which began yesterday. Judge J. C. Simms, of Bowling Green, Robt. C. Kinkead, of Louisville, former Governor Frank Black, of New York, former Governor Richard Gates, of Illinois, U. S. District Attorney R. D. Hill, of Louisville, and Judge H. C. Howard, of this city, compose the array of counsel for Powers. C. J. Bronston, of Lexington, has been engaged to assist the prosecution.

A COMPLETE line of Spalding's and Reach's sporting goods at Varden's.

Continued Until September.

At the request of Attorney John G. Carlisle, of New York, and with the assent of Attorney General Hays, the Appellate Court continued to the September term of the court the case brought by Berea College, of Madison county, to test the constitutionality of the Day legislative act prohibiting the co-education of the races at that institution.

TRY some of the new drinks at Varden's fountain.

Sent to Reform School.

Ollie Culbertson, the twelve-year-old boy who robbed the Winchester postoffice, was tried in the Federal Court at Richmond before Judge Cochran and given three years in the Reform School.

Good Crowd Went to Cincinnati.

Ninety-seven tickets were sold Sunday at Paris station for Cincinnati. About 1,200 persons were on the two excursion trains.

Resigned to Take Better Place.

President and Cashier Yelton of the Farmers Bank of Clintonville, this county, has resigned to accept a position with the Fifth National Bank at Cincinnati. Geo. Dawson, of Clintonville, takes his place in the Farmers Bank.

Near the End.

Alex. Hargis is the last witness who will be introduced by the defense in the Hargis murder trial at Lexington. After the cross-examination, the prosecution will consume about a day with rebuttal evidence, and the case may go to the jury by Wednesday or Thursday.

DRESSED TO ORDER.—We always have nice fresh fish on hand and dress them to order.

Demonstrations in Cooking.

The Paris Gas Light Company cordially invites you to be present at the demonstration of cooking with gas, given by Mrs. W. A. Johnson, 2:30 p. m. to 4:30 p. m., daily, May 1st to 9th, at 320 Main street. Mrs. Johnson will use her famous cook book, "What to Cook and How to Cook It" as her text book.

A delightful menu-program has been arranged for Monday, Tuesday, Wednesday, Thursday, Friday and Saturday of this week.

LOST.—Gold locket and chain. Locket has flower on it with small diamond in center. Suitable reward for return. RENA CROSDALE.

Protecting Home Industries.

The city council Saturday night without a dissenting vote, increased the license on laundries and laundry agents from \$25 to \$100. It seems to us their action will be approved by all who have a desire to see our city grow and prosper. We have a first-class steam laundry, whose work is unexcelled. They employ twenty people in their plant, who spend their weekly earnings with our merchants. There is enough business right here to keep this humming industry going over-time the year around, provided foreign laundries are not permitted to come in and gobble up the trade during the busy season. We have not interviewed the proprietors of the Bourbon Laundry, but understand they are willing to make liberal contracts with the agents of the foreign laundries, provided their laundries quit the field.

Important Council Meeting.

The meeting of the City Council Saturday night was the most important one held, by way of good work that was done, for many moons.

An ordinance was passed requiring all pavements to be re-constructed or built to be of concrete.

An ordinance requiring street cars to stop when a funeral procession was passing was also passed. The penalty being fixed at \$100.

The licenses were left the same as last year with the exception of the laundry license, which was placed at \$100.

The council also ordered advertisement for bids to oil Main street from Tenth to the Clintonville pike.

Messrs. Chas. Stephens, R. M. Harris and C. F. Diddle were appointed tax supervisors, and will meet on May 11, at 10 o'clock.

Keep the good work up, gentlemen, and you will have the thanks of every citizen of Paris who has the welfare of the town at heart.

Smash-up in Funeral Procession.

Mr. Tom Maher was in the funeral procession of Mr. Edward Woods, Sr., Saturday morning when the vehicle in front of him backed into his horse, which took fright, whirled around and began kicking and running. Mr. Emmet Edwards, who was with him, jumped out and received a severe cut in the knee. Mr. Maher stayed at his post until the bit broke, when he proceeded to leap for his life. He landed in the street in front of Peed & Dodson warehouse, on South Main, badly shaken up but no bones broken. The horse was a thoroughbred and made fast time until he collided with C. P. Cook's delivery wagon when he was grabbed by a bystander. The wagon and buggy was broken into kindling wood. The horse was a broken-down racer of P. J. Millet's and was considered all out, but Tom says he can go as fast as he ever could, and that he would pass him up in the future for a gentle buggy horse. The horse in his day had been a derby winner.

The trouble was caused by an interurban car coming along not stopping, after the undertaker had made signals for it to so. The funeral procession was one of the longest ever in Paris and it is almost a miracle that many were not hurt.

Paris, Ky., Tuesday, May 2, 1905.

THE independent manufacturers of agricultural implements are up against the trusts in great shape. They pay tribute to the steel trust, Standard Oil trust, iron tubing trust, spoke and rim trust, white lead trust, wire nail trust, rope and twine trust, paper box trust, bolt combination, belting and leather combination, lumber combination, paint brush combination, link chain combination, spring cotter combination, emery wheel combination, electrical machinery combination, foundry combination, flour combination, borax combination, salt combination, file combination, window glass combination, rubber combination, woodworking machinery combination, pig iron combination, steel spring combination, wire tube combination, screw combination, steel saw combination, sandpaper combination, solder combination, steel wheel combination, coal combine and railway combine. After all though the general public is the "only pebble on the beach" when it comes to being up against these combinations that are fostered by the Republican party. They catch you "gwine and a-comin'."

THE baseball season is on once more, and the lovers of the game are packing the "bleachers" and grand stands and cheering their favorites on to victory. Baseball has a greater hold on the American people than any other athletic game. It is a game of skill and science, it furnishes exercise for participant and spectator, it takes those who play and those who watch out of the daily grind of business and gives them fresh air and fresh blood and fresh impulse. The growing boy who does not love to play ball should be looked after carefully. The grown man who does not love to watch a good game betrays the fact that he missed something in his early training. One reason why baseball has so long retained its place in the hearts of the people is that it has been kept practically free from the taint of gambling. It is a "clean sport," and as long as it remains such it will retain its place at the head of American games of athletic.

THE numerous gifts of Andrew Carnegie for libraries have been more or less criticised in the past because of what has been styled the meagerness of their good effects. It has been argued that Mr. Carnegie's monetary gifts might have done more good if they had been expended in other ways, and we are of that opinion, but his latest gift of \$11,000,000 for a fund to provide annuities for college professors who are unable to carry on their profession on account of physical or mental disabilities, is one probably that no reasonable objection can be made. Of all the educated classes in this country, not one we believe have a harder time financially than that of the teachers in our schools and colleges.

WHEN Mr. Lawson began his disclosure of the rotten management of some of the big life insurance companies many people exclaimed "impossible," and interested parties tried to ignore the ugly disclosures. But the Equitable management is just now in a bad tangle and its managers, quarreling among themselves, are disclosing a situation of affairs much worse than any pictured by Mr. Lawson. Charge and counter charge fly thick and fast, and the great insurance buying public is forcibly reminded of an old saying to the effect that honest people get their dues when a certain class disagrees.

SEVERAL Paynter organs are rejoicing that the ten candidates for the Senate and the Lower House nominated at Louisville are all for their man for United States Senator. Louisville is not "all the works" by any means, only wait my dear brothers until the final count when the Legislature meets and you will see that Blackburn is an easy winner. The people do not intend to let Beckham name the U. S. Senator this time, mark you. His henchmen did the work in Louisville, but there are many precincts out in the State to hear from.

AN exchange sizes up the situation about right when it says: "The man who could edit a paper to please everybody went to Heaven a long while ago, but hell still yawns for the numerous individuals who think they could do it."

It is stated on high authority that Rojestvensky has "a chance to win." There is not much encouragement in that, though. As much was said for Judge Parker.

—Over 280,000 cases of eggs were received at Pittsburg in one day last week.

—W. E. Stillwell and A. R. Talbot, of this county, have bought from Bath county parties a fine jack for \$700.

—E. F. Rash, of North Middletown, received \$5.55 per 100 for 117 head of hogs which he shipped to Cincinnati last week.

—A record breaker was the sale of Wm. Fergus & Sons' crop of 300,000 pounds of wool, at Lewiston, Mont., to a Boston firm, for 23 cents a pound.

—A. G. Jones, of North Middletown, has shipped seven fine saddle and harness horses to Madison, Wis. They were sold to Dr. Fox, of that place, for good prices.

—Now that harvest time is coming on wheat has begun to drop and by the time the crop is being threshed will not be worth anything like what it was during the winter.

—A Western mule raiser says two mules can be raised until three years old on the same feed as one steer. The steer will be worth from \$60 to \$75, and mules from \$250 to \$300.

—Thomas N. French, buyer for the Continental Tobacco Company at Carlisle, has purchased and shipped a little over 2,500,000 pounds of tobacco up to date. The purchase price has averaged 9.48 cents per pound.

—At the public sale of Shorthorn cattle held by J. D. Stanley, at Horton Kan., 37 females brought \$5,147.50, an average of \$139.12; nine bulls sold for \$1,190, an average of \$132.21; 46 head brought \$6,337.50, a general average of \$137.77. It was the best Shorthorn sale held in Kansas in twelve months and proves conclusively that the demand for better cattle when put in good condition is steadily on the increase.

A few days ago a party of tourists from the East was passing through our city in an automobile and stopped at the Agricultural Bank corner to look at our new court house. One of the party asked, "What building is that?" Another of the party replied, "Oh, Mr. Carnegie has probably built the people here a library," insinuating that our people had not the sense or the money to put up such a structure. One of them turned to Judge Harry Brent, who was standing near and taking in the insinuating remarks, and asked of him, "What building is that, sir?" The Judge in his happy manner replied, "That, sir, is our County Clerk's office." A few moments more admiring the building they autoed on their way in wonderment.

Forger Arrested and Jailed.

Albert Ransdall was arrested Saturday afternoon by Deputy Sheriff E. Clark near Centerville and lodged in jail charged with forgery. The arrest was made upon a warrant sworn out by John J. McClintock, cashier of the Agricultural Bank. Ransdall called at the bank Wednesday afternoon and presented a check for fifty dollars drawn on the Bourbon Bank in favor of Elijah Brown and signed by B. F. Buckley. Mr. McClintock cashed the check, which proved to be a forgery. Ransdall is well connected. His only reason, he says, was that he needed a new spring suit and a bicycle, which he purchased with the money from Paris merchants.

He was arraigned before Judge Smith yesterday and plead guilty, and held to Circuit Court under \$1,000 bond.

Married By Wire.

Mary C. Slaughter, of Bowling Green, and James C. Murrell, of Fort Mackenzie, Wyo., were married Thursday night by telegram. The bride attired in the usual veil and white wedding dress and accompanied by a number of friends, was at the Bowling Green end of the line and answered the usual questions. A minister was at each end of the line. The telegrams uniting the happy pair only cost \$2.70. Murrell is Post Quartermaster Sergeant at Fort Mackenzie. His regiment will leave in a few days for the Philippine Islands. He desired his bride should come to the fort and be married, but she preferred the ceremony to be performed before starting on such a journey. The woman will accompany her husband to the Philippines.

ANNOUNCEMENTS.

We are authorized to announce Col. H. P. Thomson as a candidate for State Senator from the 28th district composed of the counties of Bourbon, Clark and Montgomery, subject to the action of the Democratic party.

Loops the Loop.

Don Jaun, who has been surnamed the monkey dare-devil, is one of the most sensational animal actors ever seen under canvas. Don Juan made a daring, devilish, almost incomprehensible mid-air evolution down an incline and around a centrifugal loop at each performance of the Gentry Bros.' Shows, which are coming to Paris, Thursday, May 4th, afternoon and evening. Swift as a meteor the monkey artist dashes down a precipitous incline, attaining a frightful momentum from his fearful descent. While laughing death to scorn. Don Juan rides rapidly and safely into the arms of his waiting attendant. This is an heroic feat, a perilous innovation in breath-taking acts, so fraught with awful consequences as to appall imitators. This is but one of the many new animal acts to be seen with the new Gentry show this year. The parade leaves the show grounds at 10 o'clock, traveling the principal thoroughfares. Performances start at 2 and 8 p. m., with doors open one hour earlier.

Alexander as guardian and trustee of her children, Joseph Scott and Kenneth Deedes Alexander, and A. J. A. Alexander, trustee, and Mrs. Lucy A. SPRING CATARRH.

Changeable Weather Causes Disease.
Breathe Hyomei and Cure Catarrh.

The changeable weather of spring, with its warm days and cold nights, is responsible for a great increase in the number of cases of catarrh. It is now that Hyomei, the only guaranteed treatment for catarrh that cures without stomach dosing, should be used in every home.

For more than a century physicians have been sending persons suffering from catarrh to Egypt, Colorado, or Australia, where the pure healing air would cure the disease. For one person who could take this trip, thousands have been compelled to stay at home and continue their daily toil. To these sufferers who could not change their climatic conditions, we offer Hyomei, a method by which pure air impregnated with Nature's own remedies for the cure of catarrh, can be inhaled by every sufferer in his or her home. Breathed through the neat pocket inhaler that comes with every outfit, its healing, volatile, antiseptic fragrance reaches the lungs and air passages as no stomach dosing possibly can do. It gives immediate relief and makes lasting cures.

The complete outfit, consisting of the inhaler, medicine dropper, and bottle of Hyomei, costs only one dollar, and extra bottle of Hyomei, if needed, can be procured for fifty cents.

Proof that the Hyomei treatment will do all that is claimed for it is found in the guarantee under which Clarke & Co. sell it, an agreement to pay back the price, if the person can say that Hyomei has not given satisfaction.
